Additions & improvements to the Industrial School Building at Chennapatna

FROM

The Director of I&C

No. D1/11/35-36 Dated 11.4. Received 15/4/36

Diary No. 4793 Enclos. 4 Spare copies { Serial No.

BRIEF ABSTRACT OF LETTER

Requests sanction of government to certain additions & improvements to the Industrial School Building Chennapatna at a cost of Rs 4170 the cost being debited to Buildings.

NOTES AND ORDERS.

The improvements & additions to the Industrial schools for which the estimate for Rs 4170 have been sent are:—

1) Construction of a shed for stacking "Halewara" ... Rs 1040/-
2) Conversion of the existing thatched roof for training section into a pucca ... Rs 2355/-
3) Construction of a Compound wall ... Rs 560/-
4) Construction of a Smithy shed Rs 215.

2) The Cost is proposed to be debited to the 'Buildings Provision in the Current years Budget. It is perhaps meant the grant from the P.W.D Budget as there is no provision for the Buildings in the Y.a Budget.

3) In this connection it may be noted that the Hydraulic final report regarding the improvement in the water supply arrangements of the School Site is not yet received and in another connection Mr Hydraulic has claimed a Consulting Engr's fee of Rs 25 per visit to the Industrial school. It is for orders if Mr Hydraulic may be requested to give his opinion on the present proposals.

Addn'l imprvemts to Ind'l schools

1673

9/c File No. 291 of 193 5

General and Revenue Secretariat

17. The District has requested to point out the source to meet the cost of addn'l imprvemts to the Ind'l school building at Chittalvagu at a cost of Rs 4170. He says that there is no project provision to grant a grant equal to this sum for this purpose

18. Incidentally he has furnished information called for in the linked file about extension to the Ind'l school building at Chittalvagu. He states that there is no frontage to the present building, as it is situated partly in the jail building & that it is necessary to open show rooms & have other improvements to the school at an estimated cost of Rs 7500 as per plans & estimates submitted by him (vide linked file). The District also requests for a grant to effect minor improvements & repairs to the buildings of other schools at a cost of Rs 2,000. Thus he requests that a total sum of Rs 13670

Improvements to the Mal Schools &c.

8

K 7

General and Revenue Secretariat — File No. 291 of 193 .5 — [App. F. III—2

may be sanctioned to meet the cost of the following items for the efficient working of these Schools:—1) Construction of a shed and minor improvements to Chennapatna Ind School ... 4,170.

2) Improvements & additions to the Building at Chitaldrug ... 7500

3) * Minor improvements & repairs to other Ind Schools during this year ... *

Total Rs, 13,670

* Details not furnished.

(19) In regard to (1) the District says in para 7 of his letter that in view of the urgency of the construction of the shed etc at Chennapatna he authorised the Executive Engr to take up the work in anticipation of Govt sanction & requests that his action may be approved & a separate grant of Rs. 4170 sanctioned for this purpose. Subject to orders with regd to paras 13 to 16 above & the points raised in the linked file about improvements to the Ind School Buildings at Chitaldrug

MDS.

Govt 17.10.26

FINANCIAL SECRETARIAT G.O.No. Fin. 976 20 OCT. 1926

(2) I agree with "B" above. These are new works for which provision was not asked for at the Budget time and it is undesirable to sanction new works of an optional or deferrable nature in the middle of the year and sanction additional grants therefor. Expenditure on buildings should be as low as possible and all unnecessary or deferrable

Additions and improvements to Industrial Schools.

R 976 11.1.(10

Serial No.

items such as improving frontage etc., should be avoided or deferred. The Budget position does not also permit the sanction of additional grants.

OFFICE OF THE SECOND MEMBER OF COUNCIL. 24 NOV. 1936 NO 3648

(iv) As regards the works costing Rs 4,170 referred to in "A" above, which are stated to have been started in anticipation of Government sanction, the Director should be asked to ~~meet the funds by reappropriation and execute~~ only absolutely necessary items and meet the funds by reappropriation, if necessary, by postponing other less necessary or less urgent items of expenditure, as there is no scope for sanctioning additional grants. It is not right to undertake a work in anticipation of sanction and when no funds were available. This has to be pointed out and he has to be asked not to take up works without getting previous sanction.

(v) ~~Retrenchment work.~~ Secretariat)

GEN. & REV. SECRETARIAT 24 NOV. 1936 DEVELOPMENT BRANCH

(vi) None of the works has yet been started.

(vii) It is understood that about 50 tons of Valley wood is about the maximum quantity that can be collected annually (not 100 tons as was originally thought). The

OFFICE OF THE DIRECTOR,

*Dated Bangalore,* 11th April, 1936.

FROM

S. Abdul Wajid, Esq., B.A.,
*Director of Industries and Commerce in Mysore,*
*Bangalore (India).*

To

M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

Additions and improvements to the Industrial School Building at Channapatna.

---

I have the honour to state that the Superintendent, Industrial School, Channapatna, has been pressing for the following additions and improvements to the existing building.

1) A shed for stacking about 100 tons of ~~Haley~~ wood;
2) The present shed with a thatched roof used for the Training Section to be converted into a pucca room.
3) Compound wall for the school.

I considered these additions and improvements to be necessary and requested the Executive Engineer, Bangalore Division, to kindly issue instructions for getting the necessary plans and estimates.

The Executive Engineer, Bangalore Division, has forwarded with his letter No.2142 dated 17-3-1936, plans and estimates for these improvements and additions for my countersignature and transmission to the Superintending Engineer.

Corrected to Rs. 4,255/-

The entire cost comes to Rs.4,170/- as per these estimates.

Seasoned wood is necessary for making these articles well. The Haley wood can be well seasoned by stacking it at least for five years. The main cost of the estimate is for the stacking yard which can take in about 100 tons at a time.

I enclose herein the plans and estimates received from the Executive Engineer in original for the information of Government and

and request you to obtain early sanction of Government for the grant of Rs.4,170/- under Buildings.

The plans and estimates may kindly be returned when done with.

I have the honour to be,
Sir,
Your most obedient servant,

Director.

28-6-36

SIR,

Subject - Additions and improvements to the Industrial School at Chennapatna.

---

I have the honor to invite your kind reference to this office letter of even No. dated the 11th April 1936 submitting plans and estimates amounting to Rs 4,170/- received from the Executive Engineer, Bangalore Division, for the following ; -

1. A Shed for stocking about 100 tons of Halley wood.

2. The present shed with a thatched roof used for the training section to be converted into a pucca room.

3. Compound wall for the school.

The Dewan visited the school accompanied by the Executive Engineer, Bangalore Division, on the 30th May 1936 and desired that the shed should be put up immediately in the interests of the School.

Seasoned wood is necessary to make the articles well and Halley Wood takes at least 5 years to get well-seasoned.

Under the above circumstances, I have in anticipation of sanction of Government requested the Executive Engineer, Bangalore Division to proceed with the construction of the shed for stocking Halley Wood as per plans already submitted to Government. The other works in connection with the improvement of the school will be taken up on receipt of Government sanction.

I request you to kindly obtain approval of Government for my action and early sanction for the improvements and additions as per plans and estimates already submitted.

I have the honor to be,
Sir,
Your most obedient servant,

Director.

DEVELOPMENT BRANCH

S:G. Sastry, Esq.,B.A.,M.Sc.,F.C.S.,
*Director of Industries and Commerce in Mysore,*
*Bangalore (India).*

To

M. Venkatanaranappa, Esq.,B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

Improvements and additions to the Buildings of the Industrial Schools.

---

With reference to your letter No.D.574/ I & C 291-35-3 dated 22nd July 1936 requesting to point out the source from which the expenditure of Rs 4,170/- for putting up the shed for Halewood at Channapatna Industrial School can be met, I have the honour to state that the plans and estimates received from the Executive Engineer, Bangalore Division, were submitted with this office even number dated 11th November 1935 requesting for a grant of Rs 4,170/- for this work.

2 In the Budget Estimates for 1936-37 submitted with this office No.D.1-340/35-36 dated 20th April 1936 a sum of Rs 6,000/- under improvements and additions to the buildings of Industrial Schools inclusive of this sum of Rs 4,170/- and some minor repairs to the buildings of other Industrial Schools was provided for.

3 As no provision was made in the Provisional Budget Estimates for this item of Rs 6,000/- under buildings, Government were addressed in this office No.D.1-323/29-30 dated 28th May 1936 to kindly order the inclusion of this provision for 1936-37 as it was quite necessary in view of the fact that almost all the Industrial Schools are in need of additional accommodation.

4 In the final budget estimates sanctioned no provision has been made for improvements to buildings.

5 The construction of a shed for stocking 100 tons of Halewood at Channapatna is quite necessary in the interest of the School and also that of the lacquerware industry and cannot be postponed any longer.

6 The Executive Engineer,Bangalore Division, was therefore request -ed to take up the work in anticipation of sanction of Government in this office even number dated 18th June 1936 and Government were address -ed for approval and sanction of funds.

7 Under the circumstances, my action in having authorised the Executive Engineer,Bangalore Division, to take up the work may kindly be approved and a separate grant of Rs 4.170/- sanctioned for the improvements and additions to the Industrial School building,Channa-patna,as per plans and estimates of the Executive Engineer,Bangalore

Bangalore Division.

9 A sum of Rs 7,500/- for the extensions to the Industrial School building, Chitaldurg, as per plans and estimates of the Executive Engineer, Chitaldurg Division, submitted to Government in this office number D.1- 255/34-35 dated 4th July 1936, will be quite necessary. The School at present has no frontage and has very little accommodation. It is a part of the Jail building and opens to a road not much frequented by people. Few people are aware of the existence of a School there. It has no Show Room for the display of the articles made in the School. The need for extension has long been felt. Hence sanction may kindly be accorded to provide for the extensions and improvements to the School as per plans and estimates already submitted.

9 Almost all the Industrial School buildings are in urgent need of minor repairs and improvements and a sum of Rs 2,000/- approximately will be necessary during the current year.

10 Thus in all a sum of Rs 13,670(as detailed below) during the current year (1936-37) will be necessary for improvements, additions and minor repairs to the buildings of all the Industrial Schools.

| | |
|---|---|
| 1. Construction of a shed for stocking 100 tons of Halewood and some minor additions to the Industrial School building at Channapatna as per plans and estimates submitted. | Rs 4,170/- |
| 2. Improvements and additions to the Industrial School building at Chitaldurg as per plans and estimates submitted. | 7,500/- |
| 3. Minor improvements and repairs to the buildings of other Industrial Schools. | 2,000/- |
| Total | Rs ~~15,750/-~~ 13,670 |

11 I request you to kindly obtain early orders of Government in the matter.

12 I may add for the information of Government that if the sum of Rs 13,670/- for the buildings of the Industrial Schools which is really necessary in the interest of efficient working of the Schools is kindly sanctioned, there may not be any need to approach Government again for funds during 1936-37, for improvements, additions and minor repairs to the Industrial School buildings.

I have the honour to be,
Sir,
Your most obedient servant,

Director.

2. Correspondence ending with letter
No. D1-11/33-34 dt. 25-9-36 from the
same Officer, stating that in addn. to the
additions & improvements to the Chamarajpet
Boys' School, a sum of Rs 7500/- was
required for effecting
improvements to the Industrial School
Buildings at Chitaldrug and that another sum of
Rs 2000/- was required for carrying out repairs
and minor improvements to the buildings
of the Industrial
Schools

*List of Enclosure*

including that required for the Chamarajpet
School

Order No. D

Copied by
Examined by

The proposals with Dir. for effecting the additions
and improvements to the Chamarajpet Boys' School buildings
are agreed with.

It is understood that 50 tons
of Halleywood is about the maximum
quantity that can be collected
and stored in the Industrial School. The figure 100 tons assumed in the
estimate

for Chamarajpet ~~Boys'~~ and as such the storage shed may
be reduced to some extent.

|---|---|
| 1. Construction of a shed for stocking about 100 tons of Hallaywood. | Rs.2,440. |
| 2. Conversion of the present shed with the thatched roof used for drawing Section into a Pucca room. | " 1,040 |
| 3. Compound wall for the School Building. | " 560 |
| 4. Construction of a Smithy shed. | " 215 |
| Total | Rs. 4,255 |

2. Further Correspondence ending with letter No.D1. 11/33-34 dated 25.7.1936, from the same officer stating that a sum of Rs.7,500/- as per plans and estimates was required for effecting extensions and improvements to the Industrial School Building at Chittaroo and that another sum of Rs. 2,000/- was required for carrying out repairs and minor improvements to the buildings of other Industrial Schools, and requesting sanction to an additional grant of about Rs. 12,67?/- during the current year, including that required for the Channapatna School.

ORDER NO. D. 3982-84/ Ind 291-35-6

Dated, Bangalore, the 22nd December 1936.
2374

The proposals of the Director for effecting the additions and improvements to the Channapatna Industrial School Buildings are sanctioned with the ~~modifications~~ following modifications :-

It is understood that 50 tons of Valley wood is about the maximum quantity that can be collected and stored in the School against 100 tons assumed in the estimate. The length of the storage shed may therefore be reduced to some extent.

As the proposed extension of the Smithy would have the effect of reducing the open space in the court yard, it is sufficient to provide cane boards for this shed instead of adding to the structure as proposed.

An additional grant of Rs.4,000/- is sanctioned and a demand for the amount will be placed before the Legislative Council at its next Session.

2. The other proposals of the Director ~~xxx~~ involving an expenditure of Rs.3,500/- for the Industrial School at Chitaldrug and for other Industrial Schools are deferred for consideration at the time of next year's Budget.

Secretary to Government,
Development Department.

The Director of Industries and Commerce in Mysore, with plans and estimates.
